

Advanced performance, comfort, and connectivity for mainstream business applications.

HP L1950g 19-inch LCD Monitor

The HP L1750 17-inch LCD Monitor and L1950g 19-inch LCD Monitors offer advanced features and functionality, superior user comfort design, and the latest technologies suited to a wide variety of users.

Impressive performance

Enjoy crisp, clear, high-resolution onscreen presentation of your text, graphics, and video from the 800:1 contrast ratio and bright 300-nit screen.

Smart software

Automatically optimize display settings with SetRefresh. Use HP Display Assistant to set theft deterrence features and adjust the display through the connected PC. Help protect against image retention and reduce energy costs with HP Display LiteSaver, which allows prescheduled Sleep mode.

Enhanced compatibility

Work with legacy and developing graphics technology with connections that support analog or digital modes. The digital input with HDCP supports encrypted data content. Enjoy quick peripheral connectivity from the monitor with the built-in two-port USB hub.

Get comfortable

90-degree pivot rotation, along with tilt, swivel, and height adjustment features, let you customize your viewing position. The height adjustment includes low-point settings which allow the bottom of the monitor to nearly touch the desktop work surface, a position desired by PALS wearers. Use the optional HP Quick Release to mount the monitor on a wall or tile multiple units together. The HP Integrated Work Center

Stand (sold separately) allows bundling of the monitor with select HP PCs and thin clients in an all-in-one form factor.

Environmentally responsible

These monitors meet stringent worldwide environmental regulatory standards and are ENERGY STAR® qualified. The L1750 monitor received a Silver rating and the L1950g monitor received a Gold rating from the Electronic Products Environmental Assessment Tool (EPEAT™).

Service and support

The monitors are backed by extensive testing and comprehensive HP service and support from 65,000 IT service and support professionals in 160 countries around the world.
