

Beste klant,

Ook wanneer uw huidige workstations of servers nog goed presteren, kan het zeer waardevol zijn om de prestaties verder te verbeteren door het upgraden van belangrijke componenten. Extra geheugen, een snellere processor, SSD#opslag of een betere videokaart zijn kosteneffectieve manieren om de levensduur en efficiëntie van uw systemen te verlengen.

Om klanten te ondersteunen die op zoek zijn naar betaalbare upgrade#mogelijkheden, hebben wij een selectie producten samengesteld waarvan wij denken dat deze interessant voor u kunnen zijn.

Twijfelt u of een product compatibel is met uw systeem, of wilt u advies over de mogelijke prestatieverbeteringen?
Neem gerust contact met ons op — ons team helpt u graag verder
