rev. 1.1, 19-08-2019

NTS Computers offers your school the opportunity to test a number of high-quality and affordable refurbished systems (laptops, desktops, workstations, monitors, printers and servers) without obligation. These can be used on a trial basis for learning and testing purposes. After a period of 2 months you can decide to buy the systems with a 25% discount on our normal sales price. This price is stated in the price list for schools under Demo Price, the discount is already included in the demo price. You can also have the systems collected by NTS Computers after the test period, free of charge.

POWERFUL, RELIABLE WORKSTATIONS IN EXCELLENT CONDITION

NTS Computers can provide your organization with powerful refurbished workstations that are specifically intended for 2D and 3D design such as Autocad 3D Max, Illustrator, Indesign, Photoshop, Maya, Unreal Engine etc. We offer a long pick up and return guarantee of at least 2 years. All our systems come with a legitimate Microsoft™ Windows 10 Pro MAR Education (Citizen) license. The specifications are based on the wishes of the customer; if you want to test a different configuration than stated in our demo list, this is possible in many cases. Ask our sales for the possibilities.

Conditions

i. PERSONAL USE

The demo computers supplied by NTS Computers are intended for educational or business use. Limited application for personal, non-business purposes is permitted as long as it does not damage the equipment supplied.

ii. TRANSPORT

NTS Computers is responsible for transport to and from the educational institution. You must keep the packaging supplied so that the products can be sent back to us in the same packaging after the end of the demo period. If you want to test the equipment at a different location, ensure that the equipment is transported in the packaging supplied.

iii. SOFTWARE INSTALLATION

Your organization can install its own software that has been approved by your IT department. To prevent computer viruses from being installed, downloading unauthorized or illegal software is strictly prohibited. Only software that is registered and / or approved by your organization may be installed.

iv. SAFETY AND LIABILITY

Your organization is responsible for the safety and security of the demo equipment provided by NTS Computers. In the event of burglary, theft, fire, loss, damage or destruction of this demo equipment, your organization is liable and it is advisable to report this immediately to your insurance company. You must report this to NTS immediately as well.

v. DATA REMOVAL

Prior to returning the demo equipment, your organization is responsible for removing the data from the systems.

vi. SURVEY

During or after the trial period, we may ask you questions about your demo equipment findings, so that we can incorporate your opinion into our research into the performance of the equipment delivered and the extent to which it meets the needs of educational institutions. You agree to cooperate in this.

Approval

I have read and accepted the previous conditions regarding the use of the demo equipment offered by NTS Computers Technology BV. I am aware that a violation of these terms and conditions may result in compensation for a maximum amount equal to the price of the demo equipment offered.
